## Microsoft

Brian Morgan

National Talent Acquisition Lead

725 Granville Street, Suite 700, Vancouver

BC, V7Y 1L1, Canada

Dear Mr. Morgan,

I have spent the better part of my life surrounded by Microsoft products. From computers to software, I always find myself interacting with your products one way or another. I recently got a chance to interact with the Microsoft Surface Hub and I immediately saw the possibilities. A collaborative tool like that holds so much potential. This inspired me along with my past of using your companies products to seek out any opportunities for me to work for you.

In my Bachelors Degree in Interaction Design at Sheridan I have developed my skills, further understanding the process needed to yield such positive interactions with your products. My skills in the design process in not only UI/UX Design, but product design have become very strong. I have many qualifications I can bring to your team including:

### Skills in Web Design:

- Designed and coded websites, following the design process

### Usability testing Experience:

- Worked in a group constructing & facilitating user tests for KPDI
- Designed App taking user from feedback on competitors

### Creative Problem Solving

- Facilitated for group creative problem solving sessions.
- Developed new concepts to tackling housing crisis for Innovation Hub

### Experience Design:

- Designed and coded Kinect interactive art installation
- Constructed robot that manipulate human empathy

Your company has been driven to put the user at the center of your entire design process, keeping all of their interests at heart. In all of my work I strive to do the same, to cater my pieces towards a demographic and engage them in every relevant way. I believe I would be a beneficial addition to your company and I look forward to being interviewed at your nearest convenience. Thank you for your consideration.

*Sincerely*

Barrett Flemons

## Summary

Hello! I'm Barrett.

I am currently a student of Interaction Design. I bring a wide breadth of skills, including strong knowledge of the Adobe Creative Suite (Photoshop, Illustrator, InDesign) as well as programming (HTML, CSS, Javascript).

I strive to find solutions to everyday challenges and seamlessly incorporate new technology into everyday life.

## Skills

### Languages

- HTML/CSS
- Javascript
- Processing

### Design

- Illustrator
- Photoshop
- InDesign
- After Effects
- Premiere Pro

### Concepts

- User Interface Design
- User Experience Design
- Information architecture
- Design Process

## Education

### Bachelor of Interaction Design

2013-2018

*Sheridan College Institute of Technology & Advanced Learning*

Oakville, Ontario

Cumulative GPA: 3.5

## Projects

Portfolio can be reviewed here: [bflemons.com](http://bflemons.com)

### Charity Website • *Interaction Design 1: Interface*

- Redesigned the site of a local charity, the Canadian International Learning Foundation (CANILF).
- Added overall and individual page structure to improve hierarchy and ease of access.
- Rearranged information to deliver relevant content to end user in order to encourage more donations and communicate cause more effectively.
- Updated the site with responsive web design for optimal viewing on mobile devices.

### Festival Application • *Interaction Design 2: Navigation*

- Developed a mobile app to improve visitor experience at Inside Out, an LGBT film festival.
- Emphasized features desired by end users, informed by observation and ethnographic study.
- Organized content for quick and fluid navigation throughout app

### Kinect Art installation • *Interactive Media: Motion*

- Programmed an interactive art gallery installation using Kinect and Processing.
- Encouraged user engagement through physical gestures and responsive elements.
- Designed for seamless integration into a pre-existing environment.

### Bonci Restaurant Application Design • *Design and Systems Thinking*

- Conceptualized a mobile application to aid users in locating restaurants as well as discovering new restaurants.
- Conducted in-depth research, including surveying users of competitor apps, to inform app design.
- Designed to address primary user concerns in a wide range of demographics.

## Previous Employment

### RONA

2011-Present

- Organization of material to streamline order fulfillment process.
- Served as face of the company when assisting clients on product floor.
